Who Knew Steel Could Be So Flexible.

We're Bending Solid Steel To Meet Your Needs.

Rosenbauer FireLine bodies are available in many configurations and feature a modular design for easy repair or remount. Constructed from 12-gauge galvanized steel, FireLine bodies are economical, extremely durable and corrosion resistant. Offered with a variety of fire pumps and foam systems, Rosenbauer FireLine bodies bend solid steel to meet your needs.

Heavy-Duty Steel Subframe

Heavy-duty steel tube, channel, angles and gussets are welded together to form an extremely strong subframe, which is the backbone of this modular, economical body.

1

Angled Body Support (3" x 3")

Provides extra support along the bottom of the body.

2

Forward Body Face with Integrated Vertical Structure Support

3

Floor Reinforcement

4

Top and Intermediate Support Structure

5

Bottom Compartment Floor

6

Top Compartment Floor

7

Flat Gusset Plate (.375" Steel)

8

Angled Body Outrigger (2" x 3")

9

Steel Tubing (1.75" x 3")

10

Subframe Channel (1.75" x 3")

Space for your largest equipment.

Flush-mounted hinged doors with stainless steel hardware allow full-width storage. Compartments can also be customized to fit your needs with shelves, roll-out trays and equipment mounts.

Doors designed for safety and convenience.

Roll-up doors give you easy access to adjustable shelves, roll-out trays and tool boards without extending into the roadway for added safety.

Wiring you can rely on.

Heavy gauge function and color-coded wiring along with resetting circuit breakers and junction strips form the basis for a reliable wiring system.

Detailed, precise paint application.

Rosenbauer's state-of-the-art paint process is environmentally controlled for precise application. Paint is mixed to create or match any shade and then applied and baked for a durable, consistent, high-gloss finish.

PTO & Split Shaft

Pumps up to 3000 GPM

Manual & Automatic Direct Injection Foam Systems

Class A & B foams

Poly Tanks With Lifetime Warranty

Fiberglass & steel optional

Gas, Diesel & Hydraulic Generators

Up to 30,000 watts
